

Field Trip Shirts

\$10

This year we will continue our policy of having students wear their VCS “field trip” shirt on all class field trips. The shirts help teachers and parent chaperones quickly identify students who belong to the class.

If your child can still wear last year’s shirt, there is no need to purchase a new one. If you are new to Victory or if your child no longer has a wearable shirt, we are asking that you purchase a shirt this year.

Listed below are size charts to help select the correct size of shirt to order for your child. Remember that the shirts may shrink when washed and your child will grow during the year. Order the size that can last for the entire year.
